Abstract of proposed collection:

The International Exchange Alumni website requires information to process users' voluntary request for participation in the International Exchange Alumni website. Other than contact and exchange program information, which is required for website registration, all other information is provided on a voluntary basis. Participants also have the option of restricting access to their information.

Respondents to this registration form are U.S. government-sponsored exchange program participants and alumni. Alumni Affairs collects data from users not only to verify their status or participation in a program, but to help alumni network with one another and aid Embassy staff in their alumni outreach. Once a user account is activated,

the same information may be used for contests, competitions, and other public diplomacy initiatives in support of Embassy and foreign policy goals.

Methodology:

Information provided for registration is collected electronically via the Alumni website, alumni.state.gov.

Additional Information:

Since the previous approval, improvements made to the website have decreased the burden to respondents by 30%. International Exchange Alumni is a secure, encrypted website.

Deputy Assistant Secretary for Policy
Bureau of Educational and Cultural Affairs,
Department of State.
